

TEAMSTER

Political Coordinators

Teamster allies in the House of Representatives have introduced stimulus legislation called the HEROES Act (H.R. 6800) that includes a proposal to address our pension crisis. The House bill would require the federal government to set up a partition program at the Pension Benefit Guarantee Corporation (PBGC) to rescue financially-troubled multiemployer pension plans without cutting benefits. Unfortunately, the House stimulus bill also includes the GROW Act which permits so-called composite plans. The Teamsters Union opposes the Grow Act.

Now is the time to make sure that our members, retirees and their families are heard. Help us flood congressional offices with emails demanding that the House multiemployer pension partition program must be included in the final stimulus legislation that moves to the President's desk. And the GROW Act should be cut from the final bill.

We have created an email template for members to contact their representatives. It's simple –just click on this link to send an email: <http://ibt.io/Stim4>

Please consider sharing this link with your members and retirees via email or text message and post on your Local Union's website and social media accounts.

Contact your Regional Coordinator with any questions, concerns or creative ideas on how to mobilize our members at this important time.
